June 12, 2009 will be the defendant's fourth court appearance in this matter.

The People request defendant enter a plea, and if defendant refuses to do so, the court should enter it on her behalf. Penal Code § 1024.

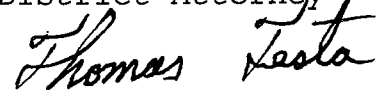

The People request setting a date for preliminary hearing. Because counts 1 and 2 allege minors as victims, the People request the date be selected in accordance with the spirit of Penal Code § 1048 (b) ("...all criminal actions in which...a minor...is the victim...shall be given precedence over all other criminal actions in the order of trial.")
